About Us

e-Infotek is a global solutions company providing Systems Integration, Outsourcing Solutions and Consulting services to Forbes 2000 clients in key industry verticals worldwide. We integrate expert industry knowledge, process and technology frameworks, strong partnerships, and a global work force to provide strategic solutions that generate sustainable results.

Global Presence

e-Infotek is headquartered in Fremont, CA, with offices in Boston, MA, Detroit, MI, Atlanta, GA, and a Product Development and Training Center in Pune, India.

Company Overview

e-Infotek's technology intelligence maturity as well as the capability of continuous process improvement is a key to meeting clients' requirements within the shortest possible time frame. Also, e-Infotek's talented pool of software engineers and high technology infrastructure at the development center are providing substantial support in providing timely services to the global clientele. As a result the clients are able to get the maximum cost advantage since e-Infotek's development practices are focused on maximizing performance of various stages of software development lifecycle to directly arrive at a favorable cost structure for the client.

e-Infotek offers comprehensive, end-to-end software solutions and services. Its services encompass a broad technology spectrum, catering to leading international companies across the globe.

IT Consulting

e-Infotek's IT consulting group possesses professionals with years of experience in handling numerous IT projects covering the entire gamut of the application of IT.
